

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant: William Percy Moore
Serial No: Not yet provided
Filed: Filed herewith
Entitled: Friction Heat, Cryogenic Quench Solid State Polymerization

PETITION TO MAKE APPLICATION SPECIAL

William Percy Moore is a senior citizen inventor of the captioned application who is also prosecuting the application. 37CFR1.102 provides that applications may be made Special and advanced out of turn for examination upon filing a petition with a verified showing because of applicant's advanced age.

Attached hereto is a birth certificate from the state of North Carolina, providing a verified showing that William Percy Moore is more than 65 years old.

Accordingly, it is earnestly requested that the captioned U.S. Patent Application of William Percy Moore, herein enclosed, be made Special and advanced out of turn for examination, as provided by 37CFR1.102.

Respectfully,

William Percy Moore
